### **NOTICE OF ALLOWANCE**

This is a Notice of Allowance in response to Amendment After Final filed 1/15/2007. Claims 1-28 were previously pending. Claim 2 is cancelled.

#### ***Allowable Subject Matter***

Claims 1 and 3-28 are allowed. Claims renumbered 1-27.

### **REASONS FOR ALLOWANCE**

Independent Claims 1 and 14 are now amended to include all of the limitations of claims 3 and 16, which were previously objected to because of allowable subject matter as being dependent upon a rejected base claim.

The following is an examiner's statement of reasons for allowance:

The prior arts of record taken alone or in combination fail to teach, anticipate, suggest or render obvious, the claimed invention including among other limitations, "determining whether a utilization of the selected logical failover circuit exceeds a threshold, if the utilization is less than the threshold, then rerouting the logical circuit data from the failed logical circuit to the selected logical failover circuit, if the utilization exceeds the threshold, then requesting the selection of an alternative logical failover circuit from the menu" recited in the independent Claims 1, 14 and 28, as currently amended .

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
